### 【講師紹介】 Dr. Fredrik Hacklin スイス連邦工科大学 (ETH Zurich) 管理技術経済学科

Fredrik Hacklin is the executive director of the Corporate Innovation Lab, a joint research initiative of ETH Zurich, Bain & Company and Swiss industry, and serves as a faculty member at the Department of Management, Technology and Economics. He is a fellow at Harvard University and visiting faculty at ESMT Berlin. Previously, he was an associate with the consulting firm Booz Allen Hamilton (today Strategy&, PwC) in its communication, media and technology practice, and a visiting professor at Keio University. He has held further visiting positions at Stanford University and Aalto University. His research, teaching and advisory activities are in the field of innovation and entrepreneurship, which particular focus on challenges associated with blurring industry boundaries and their implications for firm strategy. His results have appeared in various journals and he is author of the book Management of Convergence in Innovation (2008). He has worked with companies such as ABB, Bang & Olufsen, Clariant, Deutsche Telekom, DHL, Ericsson, MTS, Nokia and TeliaSonera. He is recipient of the annual research award by the Alcatel Lucent Foundation for Communications Research, for his work on ICT industry convergence. His article “Strategic choices in converging industries” (MIT Sloan Management Review, 2013) was selected “Top Strategy Article” by the Stanford Graduate School of Business. Fredrik holds a PhD in management from ETH Zurich, an MSc in computer science from KTH Royal Institute of Technology Stockholm, and a BSc in computer science and physics from RWTH Aachen. He is a member of the Academy of Management, and the Strategic Management Society.
