Research Subject Status Theory: Unifying Political and Social Psychological Ontology Purpose of Research: To develop a new International Q.: Why does North Relations (IR)-Theory Which Combines Constructivism and Korea Perpetually Psychology. Shown Through One of My Case Studies Undertake Missile Tests? Conventional Explanations for North Korea's (NK) Behavior NK wants to increase military power !! BUT, psychology not NK is unpredictable included in IR-analysis!! Multiple Missile Tests Create Attention Through Aggressive Bargaining This understanding did not Deterrence against USA/ Perception of Threat stop the missile tests. My IR-Theory's (Status Theory's) Explanation for North Korea's Behavior North Korea is a Dignity-Culture (Juche etc.) Domestic Pressure for Kim-Regime to Save "Face" (面子) Deterrence/ Multiple Missile Tests Threat Perception USA is Benchmark Conclusion for North Korea's Status Conclusion: New Variables Must Be Considered in IR-Research to Explain Conflict Empathy Rocket Man's Suicide Mission! Respect for State's Between Leaders Ideology Example [...] he tried to insult the Respect & Social supreme dignity of my country. Status is Psychology **Important** Sources of Images and Quotes: www.bbc.com/news/world-asia-41357315 www.thediplomat.com/2017/09/north-korean-foreign-minister-rebukes-trump-at-un-general-assembly/
