The submission will be retracted and mutsuki kinugasa's assignment returned to pre-submission status.
OK? * After retracting the submission, a reminder will be sent to both the instructor and the student.
OK Cancel

Request resubmission

◆ Outline

For tests, it is now available for instructors to retract the submission (submitted answers by students). During a specified period for submission, it is possible for students to resubmit the answers.

◆ Procedures for retracting the submission (for instructors)

1. Click a name of the student you would like to retract the submission on **Submission Status** page.
2. Click **Request resubmission** button displayed on the screen of "Questions and Answers"
3. Then click **OK** and complete the process

*Please note that the received answers before the resubmission will be kept.

*A reminder will be sent to both instructor and student.

◆ Procedures for resubmission (for students)

1. Access to a relevant test after the submission is retracted by instructor.
2. Click **Start** and try to answer/submit again

◆ Notes

- If a passing score is set, the status will be stayed "Passed" for the students who have passed the test once even though the answers are retracted.

- The grade will also be deleted if the answers are retracted.

- Choice 2
- Choice 3
- Choice 4
- Choice 5

Modify Answers

If "Allowing resubmission at anytime during the Submission period" is selected:

◆ Outline

When adding surveys, it is available to set "Allowing resubmission" to students.

It allows a student to retract the submitted answers during the submission period and restore the status of submission if an instructor selects "**Allowing resubmission at anytime during the submission period**" when adding or editing the surveys.

◆ Attention

- In the event that a student changed the answers, no reminder will be sent to an instructor.

Therefore, please check the answers after the submission period as there is a possibility that a student has changed the answers.
