2006年7月21日 学校法人 立命館

The Ritsumeikan Trust July 21, 2006

Ritsumeikan traces its roots to Prince Saionji's private academy of the same name, established in 1869. It was officially founded in 1900 by his protegee, Kojuro Nakagawa, as the Kyoto Hosei Gakko (Kyoto School of Law and Politics), later to take on the name "Ritsumeikan". The name is derived from a passage in the Jinxin chapter of the Discourses of Mencius, and means "a place to establish one's destiny through cultivating one's mind."

Ritsumeikan's founding ideals are "freedom and innovation" and reflecting upon its wartime experience, it committed itself to a core educational philosophy of "peace and democracy" after World War II.

Ritsumeikan has faced the challenges of the times by pursuing an independent path to rise above adversity and has become the comprehensive private educational institution that it is today through extensive cooperation and support from both within and outside Japan.

Ritsumeikan, as a Japanese institution located in the Asia Pacific region, is committed to sincerely reflecting upon history and to building an institution where many cultures coexist in the spirit of international mutual understanding.

Ritsumeikan will build relationships of trust, through research and education, as well as sports and cultural activities, and establish its roots in the local community, to create an academic institution open to international society.

Ritsumeikan will strive to strengthen links with society and promote its institutional development by fully utilizing the characteristics of a private academic institution, the participation of its faculty, staff and students, and the support of alumni and parents, while respecting the principles of autonomy, democracy, transparency, non-violence and justice.

Ritsumeikan will pursue the creation of universal values based on academic freedom and search for solutions to the pressing issues facing humankind, with its educational endeavors based on its founding spirit and educational ideals, bearing in mind "to believe in the future, to live for the future".

Ritsumeikan will foster learning and the development of individual talents in order to nurture just and ethical global citizens.

Ritsumeikan, as an institute of education and research, pledges to promote peace, democracy and sustainable development in Japan and throughout the world, in keeping with the spirit of this Charter.

#### (2) Reference for Campus Life

Ritsumeikan University's policies on student support: Ritsumeikan University has confirmed at a university-wide level that "students should learn and grow through self-directed activities and interaction with a diverse range of others in all aspects of their curricular and extra-curricular life". Based on this understanding, support initiatives for student life and extra-curricular/self-motivated activities are positioned as "support for student growth and independence." In the Medium-Term Academy Plan for academic years 2016-2020 (latter phase of R2020), the following four pillars have been adopted to guide the enhancement of student support (Memorandum of the Plenary Council of the University\*, 2016 academic year).

**\*Plenary Council of the University** : Ritsumeikan University has a mechanism for undergraduate students, graduate students, faculty/staff and the university authorities (Executive Board of Trustees) to discuss and engage actively in improvements and reforms to education, research, and student life, based on the principle of self-government by all constituents of the university. The core of this mechanism is a meeting known as the "Plenary Council of the University," which is constituted by representatives from the Student Union as undergraduate students' self-governing body, the Graduate Student Council as the self-governing body for graduate students, the Faculty/Staff Union, and the Executive Board of Trustees, with the Ritsumeikan Co-operative participating as an observer. Matters confirmed by all constituents following discussion in the Plenary Council are recorded in a Memorandum.
