

## Appointments for the Student Support Room after June 1, 2020

Although the Japanese government's state of emergency was lifted, Ritsumeikan University will continue to limit entry to the campuses only to those who have permission. Likewise, students are not allowed to visit the SSR without permission.

For the time being, we offer you distance counseling. To make an appointment at the SSR, send an email as below. A counselor will call you within a few days. Please note that the Student Support Room is closed on Saturdays, Sundays and public holidays.

Email address for new appointments :
