Students making their mark in many fields: Peer support in a learning community

At Ritsumeikan University, there are many systems of peer support in which students support and learn from one another independently. Around 40 organizations and 4,000 students are involved in peer support activities. A way for students to assist other students, peer support is an opportunity for meeting, learning and growth among students from diverse national and regional backgrounds and value outlooks.

Peer support has a long history at Ritsumeikan University, beginning with the "Orientation Conductor" activities to support new enrollees and discussed at the Plenary Council of the University as early as 1991. Today it is one of the university's distinguishing features.

• Orientation Conductors

Provide living support for newly-enrolling students.

• SSP Peer Supporters

Support the operation of the SSP, which supports students' independence and growth.

• BBP Management Staff

Provide support for international exchange, language learning and study abroad, organize events and activities, and offer guidance on how to use Beyond Borders Plaza.

• Educational Supporters (ES)

Offer back-up in class operations and learning for junior colleagues (undergraduate and graduate students).

• Student Library Staff

Work in the library as well as offering guidance and advice on the use of library facilities.

• Service Learning Center (SLC) Student Coordinators

Raise awareness of, promote, and disseminate information on volunteer activities.

• Admissions Publicity Student Staff

Plan and operate open campus and other events for prospective students.

• Student Publicity Staff

Participate in the planning and editing of Ritsumeikan publicity materials from a student perspective.

• JA (Junior Advisors)

Support students in job-hunting based on one's own experience in securing job offers.

• Mairu International Student Supporters

Provide information on study abroad destinations and advice on class content based on one's own study abroad experience.

• Tutors for International Students Assembly (TISA)

Provide a variety of support to help international students with their life and studies in Japan.

• Resident Mentors (RM)

Support international students through communal life in international dormitories.

• Ritsumeikan Co-op Committee

Plan and operate store campaigns and events enabling Co-op members to lead a better student life.

• Disability Resource Center Support Staff

Provide in-class support for students with disabilities, and plan and implement training programs and awareness-raising events related to disability support.

*The Peer Supporter Community shown above is an example only.

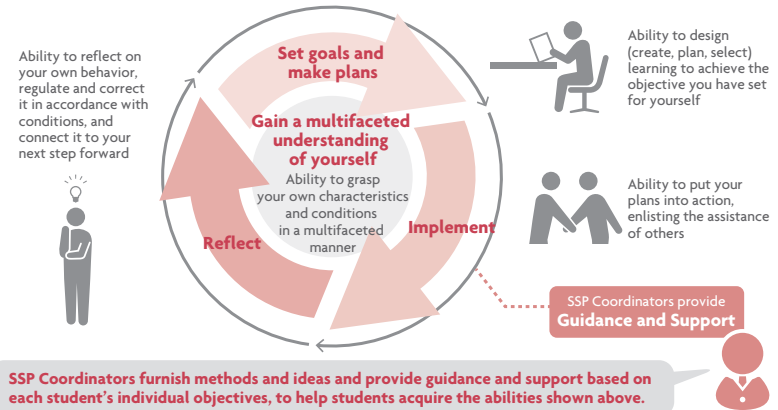

Student Success Program (SSP)

Learning Programs

What is the SSP?

The SSP is designed for students to cultivate the abilities shown below and to grow into independent learners, through proactive participation in support programs.

SSP Coordinators furnish methods and ideas and provide guidance and support based on each student's individual objectives, to help students acquire the abilities shown above.

Support Programs in the SSP

The SSP offers programs including online seminars, small-group support, and individual support. Students can use these programs freely in line with their own individual conditions and needs.

SSP Seminar	<ul style="list-style-type: none"> Gathering and organizing information Making a to-do list Time management Note taking Report writing, etc. 	Videos available through the SSP website
Consultation hours and events with Peer Supporters	Opportunities for students to learn from one another, both face-to-face and online	
Individual consultations with SSP Coordinators	SSP Coordinators provide study skills assessments and advice to help students grow and gain independence	

To find out more, contact the Office of Student Affairs or SSP Support Coordinator.

Step 1

Schedule a consultation with an SSP Coordinator. You can do so in person, by telephone, by e-mail, or using the reservation form on the SSP website.

Step 2

In discussion with an SSP Coordinator on your campus, discover your strengths and weaknesses, and what problems you can solve by developing new skills and approaches.

Step 3

The SSP Coordinator will provide you with essential problem-solving support, introductions to other resources on campus, and other forms of coordination.

- Point** Improve yourself as a person through teamwork and a combination of studies and athletics
- Point** Access a range of subsidies and facilities/equipment loan schemes

Get involved in extracurricular activities

There are around 400 different extracurricular and self-directed activity groups at Ritsumeikan University, and around 70% of students are involved in them.

Not only can these activities expand your own potential through collaboration with fellow students, but they also have the benefit of honing your skills of communication and presentation, and helping you grow as a person.

Extracurricular and self-motivated activity groups affiliated with the Student Union are categorized into Official Organizations, Clubs, and Voluntary Associations, in accordance with university-wide rules on self-organizing associations and the rules of the headquarters for academic, cultural, and athletic student associations. Apart from these groups, there are also Circles (Registered Student Groups).

There are many different types of groups apart from those affiliated with the Student Government Board, too. These include undergraduate project groups, undergraduate self-motivated seminars, and groups awarded Financial Aid for Development of a Learning Community and the like.

What Will You Learn at University? Ritsumeikan University's Liberal Arts Education

Develop "the intellectual capacity to live in freedom." Engage with others, forge a pathway to the future. What subjects you take is up to you. Let your own interests and preferences guide your choices.

- ① Check the Liberal Arts subject listings in the Academic Handbook (some subjects are for first-year students only).
- ② Access manaba+R and read through the syllabus for the subject titles that interest you (you can search by keywords too)
- ③ Once you decide which subjects to take, check the class schedule for the course registration process, then go ahead and register.

Want to do more foreign language study? Interact with international students? Study abroad?

Beyond Borders Plaza (BBP) is a global commons centered on international exchange and language learning, where students learn with and from one another across all kinds of borders, including nationality, culture, and language. BBP is both a place for day-to-day interaction and a venue for a range of activities tailored to the goals and needs of different students, whether they wish to do more foreign language study, prepare for study abroad, or organize their own events for international exchange and language learning.

* In case entry to the campus is restricted due to the spread of COVID-19 infections, some of the services may be provided online or suspended. Please check the BBP website for the latest information.

What can you do at BBP ?

Reading Space

Freely access texts for foreign language learning (Japanese and other languages), books and other materials on study abroad, reference sources for language proficiency tests, and even books on travel and culture.

Japanese Language Advice

A Japanese language teacher will be available to answer your questions about your Japanese study and Japanese grammar.

Study Abroad Programs

BBP hosts study abroad information sessions and events. It also offers individual consultations, so feel free to ask for advice.

Foreign Language Communication Room

This is a place where you can encounter and learn foreign languages through everyday conversation with foreign language teachers, discussion games, and other activities. You are free to join in whenever you have time between classes.

SUP! Language Exchange Program

Register the languages "you want to learn" and "you can teach," and be matched with another student for one-to-one learning and teaching.

*There are registration periods in both spring and fall semesters.

Workshops and Events

BBP holds a range of events and thematic workshops throughout the year. If you find a topic that interests you, come along! You can also plan and implement your own events.

◆BBP Mileage

This is a points system runs on the LINE smartphone app, in which you earn points by participating in eligible BBP programs. Use it to look back through your own history of using BBP. Make use of BBP's wide range of learning resources and get into the habit of ongoing self-study!

*Rewards are offered based on the number of points earned.

◆BBP Management Staff

The Management Staff stationed at BBP are there to help you. They can show you how to use BBP, tell you about events, and provide all kinds of support for you in using BBP.

*BBP Management Staff are recruited in two rounds each year. We look forward to applications from students interested in contributing to BBP's operation. See the BBP website for details.

About Career Center in Ritsumeikan University

Career Center provides career support services especially for international students seeking for employment in Japan. Our main aim is to help students achieve their individual career goals. We offer a variety of career planning events and placement support services for students.

International students are always welcome to attend the info sessions and use the services by Career Center. We strongly encourage you to take advantage of the opportunities available to plan your future and find employment.

Career Center

Kinugasa Career Center: 1st floor of Kenshinkan BKC Career Center: 2nd floor of Prism House
OIC Career Center: 1st floor of Building A (AS office)

Services Available at Career Center

Some of career support services for international students are available in English. The current situation, however, is that most Japanese companies expect international students to have Japanese proficiency during job-hunting as well as upon entering a company. Career Center recommends students start to work on your Japanese language skills hard as much as you can.

Individual Career Counseling (Language: Japanese and English)

Each campus (Kinugasa, BKC and OIC) has staff members who can support students in English.

Orientation for New Students (Language: Japanese and English)

Career Center provides information, tips and hints on job-hunting in Japan to new students.

General Career Guidance (Language: Japanese and English)

During the guidance, Career Center gives the latest information on job-hunting in Japan, on companies proactively hiring international students, and on what things corporate recruiters expect from international students.

Internship Program (Language: Japanese)

Ritsumeikan Internship Office provides information on internship programs. Refer to the following website for more information. Please note that most internship programs require Japanese language skill, though.

I want to know about graduate studies:

As society diversifies and international competition is intensifying, corporations increasingly demand professional personnel, and the need for going to graduate school for the purpose of cultivating advanced professional abilities is rising. Ritsumeikan University has graduate schools that respond to various academic and research needs, such as professional graduate schools and inter-faculty graduate schools, as well as graduate schools based on the undergraduate colleges at Ritsumeikan University.

Graduate School Week: Many informative events related to graduate studies are held

During Graduate School Week, including class observations, graduate student job hunting seminars, and talking with and getting advice from teachers and current graduate students. (For the academic year 2020, "Graduate School Week" was held from Monday, Nov. 9 until Sunday, Nov. 22 at each campus.)

Ritsumeikan University Graduate Schools Admission Guidance Fair

A fair will be jointly held by graduate schools in Ritsumeikan University several times during the periods between May to June, and October to December. Admission guidance, such as providing overviews of the features of each graduate school and providing individual consultation will be held.

Leading a safe and enjoyable campus life

As a university student, you are also a member of the wider community. You are expected to comply with the rules and etiquettes of the university and society, as well as with official laws and regulations, and to behave in a responsible manner with pride in your status as a university student. Please be sure to read through *TIPS ON CAMPUS LIFE FOR STUDENT* – Your guide to a safe and comfortable campus life: this booklet contains valuable information on topics including the kinds of trouble that university students often get into, how to prevent drug abuse, smoke-free campus policies, student disciplinary regulations, and things to beware of online.

The university also runs drug abuse prevention activities designed to make students aware of the hazards and dangers of illicit drugs. New students are also given a drug awareness survey; please be sure to respond to the survey, which can be accessed via the QR code below.

(The survey is operated by Ritsumeikan University jointly with three other institutions: Kansai University, Kwansei Gakuin University, and Doshisha University.)

*The survey is anonymous, so respondents cannot be identified individually. If you have already responded to the survey, there is no need to do so again.

Injuries in curricular and extracurricular activities

- The university holds Personal Accident Insurance for Students Pursuing Education and Research for all its regular students. This insurance offers benefits in the unlikely event that you suffer injury in an accident occurring in the course of your curricular (class) or extracurricular activities. (The university pays the insurance premiums.) For further advice and claim procedures, inquire at the Office of Student Affairs.

Events covered by the insurance:

During curricular classes and university events	One or more days of actual treatment
Injuries sustained in university facilities other than during extracurricular activities	4 or more days of actual treatment
During extracurricular activities (by university-recognized groups)	14 or more days of actual treatment

*Incidents during travel, such as commuting to/from campus, are excluded.

*In the event of hospitalization, coverage is provided from the first day

The above insurance does not cover personal injury and damage to property, so we recommend students take out their own insurance to protect against such eventualities.

Temporary loans in emergencies (lost or stolen wallet)

- In the event that your wallet has been lost or stolen and you are unable to get home, the Office of Student Affairs may be able to loan you cash temporarily. Come to the Office to discuss your situation, bringing your student ID card and personal seal.

•Loan amount: Up to 20,000 yen *Loans of 10,000 yen and over also require payment of 200 yen in revenue stamps

•Repayment due: Within three months

Note 1: The basic rule is to seek help from your guarantor first. This loan system is only for cases where help cannot be obtained in time.

Note 2: This system is not designed to support the costs of everyday living.

Scholarship consultations / inability to pay tuition due to change in household conditions / searching for the right scholarship

When this happens . . .

Go to your MANABI Station or College Administrative Office

Please check your College or Graduate School web page for course handbooks and access to manaba+R. Student service counters are located in the College Administrative Offices on Kinugasa Campus and BKC, and in the MANABI Station in OIC.

Study Support Site

URL <http://www.ritsumei.ac.jp/pathways-future/eng/>

If your address has changed

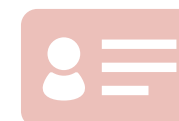

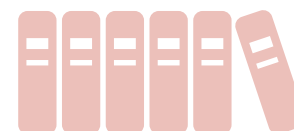

You have moved and your own address has changed	Log in to the CAMPUS WEB via manaba+R to change your address.
The address, telephone number of other details of your Parent / Guardian or fee invoice address have changed	Complete the procedure at the MANABI Station on your campus.

If your student ID card is lost or stolen

Your student ID card is an important tool for identifying yourself. Please take all precautions not to lose it. In the event that your card is lost or stolen, report it to the nearest police station, and also go to the MANABI station on your campus and apply for a re-issued card (you will need to pay a fee). It will take several days to re-issue your card, so please apply with plenty of time to spare.

If you want to get a commuter pass, student travel discount, certificate of enrollment, academic transcript, or certificate stamp

- You will need to show your student ID card and Registration Confirmation Label when purchasing a commuter pass.
- Certificates can be issued to current students at automated certificate-issuing machines on campus and from multi-function printers at convenience stores.
- Student travel discount vouchers and certificate stamps can be obtained from the automated certificate issuance machines.
- You can access more details using this QR code.

When this happens . . . For International Students

The International Center provides consultation to international students on matters related to living and studying in Japan. Please consult with the International Center on your campus if you have any problems. The Center is staffed by International Student Support Coordinators who can provide a wide variety of advice for international students.

The International Center also updates the "International Student Handbook" each year and distributes it to new incoming international students. The handbook includes detailed information on the topics listed below and other important information about life in Japan, so students in their second year and above should check the website each April using the QR code below to see the updated version.

International Student Handbook

URL <http://en.ritsumei.ac.jp/current-students/dailylife/>

The International Center also hosts a website so that students can obtain necessary information and consult or ask questions without coming directly to the help desk. On the website, there is a collection of frequently asked questions from international students as well as a form to submit your questions and consultations.

"Student" Status of Residence

The "Student" status of residence grants you permission to reside in Japan on the basis of your objective to study at a Japanese university. If you graduate, complete your program, take a leave of absence, withdraw, or are expelled from Ritsumeikan University, you must leave the country promptly, even if you have time left in your period of stay. Ritsumeikan reports to the Immigration Services Agency when students begin studying at the university (through enrollment, transfers, etc.) as well as when they are no longer studying at the university (through graduation, completion of program, withdrawal, or expulsion).

Extending your Period of Stay

Be sure to complete the procedures to extend your period of stay before the expiration date. It is possible to apply for an extension of your period of stay starting from 3 months before the expiration date. You are responsible for preparing the necessary documents and submitting them to the Immigration Services Agency yourself. However, the documents you must submit include documents created by the International Center, so please come to the International Center on your campus first. After extending your period of stay, submit a copy of the front and back of your new residence card to the International Center at your campus as soon as possible. Please note that extensions of period of stay are not approved unconditionally, and you may be refused an extension of your period of stay if the amount of credits you have obtained at the university is insufficient.

Changing Your Status of Residence

If you change to a different status of residence, be sure to submit a copy of the front and back of your new residence card to the International Center on your campus as soon as possible. Please note that if you change your status of residence from "Student" to a different status of residence, you may no longer be eligible for some benefits for international students (tuition reduction, scholarships, etc.).

Special Re-entry Permits and Re-entry Permits

If you intend to temporarily leave Japan (for less than one year) during your period of stay in Japan, please use the Special Re-entry Permit system, so that you will not need to obtain a new status of residence when re-entering Japan.

For International Students Where can I find help?

Applying for a Work Permit

You must obtain "Permission to Engage in Activity other than that Permitted under the Status of Residence Previously Granted" (a work permit) in order to work part-time or participate in a paid internship. Please note that even if you obtain a permit, there are many rules and restrictions on the hours and type of jobs that you can work. If you violate these rules, you may be subject to punishment such as deportation.

In order to apply for "Permission to Engage in Activity other than that Permitted under the Status of Residence Previously Granted", please bring your application, residence card and passport to your local office of the Immigration Services Agency. You may not engage in any work activity until you have received the official work permit seal.

[Important Notes]

- * You may work up to 28 hours per week (up to 8 hours per day during the summer, winter, and spring vacations).
- * It is forbidden by law to work at establishments related to the adult entertainment industry. Even washing dishes or cleaning at such establishments is not allowed.
- * If you extend your period of stay, you must reapply for a new work permit (the valid period of your work period is the same as your extended period of stay).
- * A work permit is not necessary for official TA (Teaching Assistant), ES (Educational Supporter), and RA (Research Assistant) positions at Ritsumeikan University.

Scholarships and Tuition Reduction

There are many scholarships for international students provided by the Ministry of Education, Culture, Sports, Science and Technology (MEXT) or private organizations. The Tuition Reduction Scheme for Self-Financed International Students is also available as a type of financial support that is decided before enrollment. Current students should complete the procedures to apply for scholarships and tuition reduction through the International Center during the designated application periods. For more information about scholarships for international students, please see the link at the QR code below.

Student Support Services: -Talking to someone is a big step toward a solution-

It is not uncommon to face various types of problems in your college life. Such problems might include: experiencing difficulty participating in classes, finding it hard to keep a balance between study and extracurricular activities or having difficulty with interpersonal relationships. There are many places on campus where you can get help and receive consultation. If you are not sure where to go, you can visit the Office of Student Affairs on your campus to meet a student support coordinator who will listen to your concerns very carefully and guide you to the appropriate support resources.

I am troubled by something...but I don't know who I should talk to.

You can come to the Office of Student Affairs to talk to me, a student support coordinator. I will listen to your concerns and guide you to the appropriate support on or off campus.

Medical Service Center

Where can I find help?

We provide consultation and medical services to students.

You are always welcome:

- When you have any health problems
- When you need first aid treatment
- When you want to consult about your physical or mental problems
- When you want to quit smoking
- When you want information about proper hospitals near the campus

No smoking on campus except in the designated smoking area. Smoking on streets around the campus is also banned by ordinance. Feel free to ask for help if you wish to quit smoking.

A "fever clinic" has been established in response to the novel coronavirus. For details, please visit the Medical Service Center website.

Support for students with disabilities

Students are offered support in accordance with the Ritsumeikan University Policy on Support for Students with Disabilities, with the aim of "creating an inclusive university that supports students with disabilities."

- Eligibility for support
Support is offered to students experiencing significant limitations in their academic pursuits due to physical disabilities such as impairments to vision, hearing or mobility, developmental disabilities, and intellectual disabilities, who request support and are considered in need. Eligibility is also available to students with temporary disabilities due to illness, injury and the like.
- Scope of support
① Essential support for academic accommodation within the university.
② Additional student requested support based on need and individual consultation.
- You can receive consultation without an official diagnosis.
- Suzaku Campus graduate students should contact the Office of Student Affairs at Kinugasa Campus.
- The Disability Resource Center holds various events and recruits student staff on an ongoing basis to support students with disabilities. If you would like to get involved, please contact the Disability Resource Center.

Classes when Typhoon, Snow and other Weather Warnings have been Issued, Officially-Approved Absence, and Mandatory Non-Attendance

Finding out about your classes when a typhoon is approaching or public transport might be suspended due to heavy snow, etc.

In the event that an emergency warning is issued in relation to weather conditions, or transportation is not available due to a natural disaster or the like, class cancellations and special arrangements will be announced on manaba+R and the university website.

The information on this page is an extract from university regulations. For detailed information, please check the "Ritsumeikan University Regulations on Curricular Classes" in your course handbook or on the website.

Classes will be cancelled if:

A storm warning or special emergency warning is issued for the region A for your campus

Or

Public transport service B is not running (service suspended) due to weather conditions, etc.

Note that applicable regions differ for each campus.

BUT

In the event that the storm warning or special emergency warning is revoked or public transport services resumed by the times shown below, classes shall be held from the periods shown.

★ **Periods for re-start of classes following revocation of warning/resumption of public transport services**

If revoked/resumed by . . .	Classes re-start from . . .

- B** When service is suspended on **JR West (Kyoto to Maibara) rail lines**
- In the event that services are resumed on JR West (Kyoto to Maibara) rail lines, classes shall be re-started from the period shown in ★ on the page to the left.

OIC

- A** When a storm warning or emergency warning relating to weather conditions, etc. is issued for **Ibaraki City or the Northern Osaka Area**
- B** When service is suspended on the **rail lines of both JR West (between Osaka and Kusatsu) and Hankyu (between Umeda and Kawaramachi)**
- If service is resumed on the rail lines of **either (not both of)** JR West (between Osaka and Kusatsu) or Hankyu (between Umeda and Kawaramachi), classes shall be re-started from the period shown in ★ above.
 - Sometimes special arrangements are made even when warnings and transport suspensions are not in place. Make a habit of checking the university website or manaba+R!

Missing classes in cases of officially approved absence or mandatory non-attendance

- Officially approved absence applies in the following cases:
 - ① Participation in practical training for certification courses offered as part of the formal curriculum: Teaching practicum, Nursing practicum and special education school experience, Onsite training in a certified social worker education program, Japanese language teaching practicum, Museum curator practicum
 - ② Duties as a lay judge
 - ③ Other cases equivalent to the above that warrant special treatment

You will need to follow certain procedures to gain officially approved absence. ➔ **Check the Academic Handbook**
- Special consideration is also available if you miss classes due to 1) bereavement or 2) natural disaster. ➔ **Check manaba+R / the Academic Handbook**
- Mandatory non-attendance will apply in the event that you contract influenza or another "school infectious disease". You will need to follow certain procedures. ➔ **Check the Academic Handbook.**

What to do if you contract an infectious disease URL <http://en.ritsumeikai.ac.jp/lifecareer/treatment/>
- In the event that you cannot take a final exam due to a clash with an employment exam, teacher practicum or the like, you can apply for a make-up exam. ➔ **Check the Academic Handbook**
