

Announcement on the AY 2021 Advanced Research Programs

Division of Research

March 30, 2021

Under the Academy Vision in 2020 (R2020), the University set the Ritsumeikan University Mid-term Research Improvement Plan, and has been establishing and carrying out the programs to promote research enhancement based on the plan. AY 2021 will be a turning point, for the Academy Vision R2030 was newly created, and the Mid-term Plan for Research Advancement will transition from the third period (2016-2020) to the fourth period (2021-2025). Following the renewal of the Mid-term Research Improvement Plan, the programs to promote research enhancement will be reviewed and reorganized.

Hence, the application details and schedule for AY 2021 Advanced Research Programs cannot be provided all at once at the beginning of the academic year. The information will be released each time a program is planned and approved at the Executive Conference, Division of Research. We try to provide the information as promptly as possible so that our researchers could make a plan to utilize the programs proactively. Please stay informed via the mailing list of each Research Organization and the Division of Research website.

As of now, the information below is all that can be offered about the call for applications in the first half of AY 2021. Please check each item below. Thank you for your cooperation.
