Report on Research Ethics Education **(Research Ethics Education Material - For Reading Through)**

To the President of Ritsumeikan University

I have read "Instructions to Conscientious Scientists for Sound Development of Science" (March 2015, Japan Society for the Promotion of Science) through, and have performed a self-check by taking the Research Ethics Comprehension Test.

I hereby report that I have a sufficient understanding of the contents of research ethics education, including the problems of improper acts in research (including fabrication, falsification, plagiarism, and the misuse of research funds).
