

# SUP! Language Exchange Program

## Important Notes for Registration

Please follow the rules below, and let's make this program better together!

### < For Registration >

**1. It may not be possible to find a Language Exchange partner.**

We try our best to find Language Exchange Partners for as many registrants as possible. However, we will hold a drawing for partner allocation if there are too many applicants. Please note that there is a possibility that we may be unable to find you a Language Exchange partner in such cases.

**2. Please do not register if there is a possibility that you might cancel.**

Canceling after registration may cause troubles for other registrants and your Language Exchange partner. Please make sure you set your schedule first and then register for this program.

**3. If you do not show up at a session time, we might cancel your registration.**

**4. Please remember that your Language Exchange Partner is not a professional.**

Your Language Exchange Partner is not a teaching professional. It is important to respect your Language Exchange Partner and for both of you to be considerate to each other when teaching and learning. If there is a problem, Language Education Center are always happy to help you. We look forward to working with students who make efforts to work together with their Language Exchange Partner and to understand and support each other.

**5. It is not acceptable to change your Language Exchange partner.**

It is not acceptable to change your Language Exchange partner for personal reasons. If you lose a partner due to unforeseen circumstances during the first two weeks of the program, however, please contact the program coordinators during RE-MATCHING period. Please check the details for RE-MATCHING from URL below.
