#### Autumn Leaves

Autumn is the most beautiful time of the year and the whole country is covered in colorful red, yellow and orange. From natural attractions to historical sites, Japan has many amazing places to enjoy the autumn leaves. Traditional Japanese gardens are one of the best places to enjoy the colorful autumn colors and the amazing collaboration with Japanese Zen gardens. In addition, in many gardens, lighting events will be held until late in this special season.

#### Autumn Food

Autumn is the new harvest season in Japan, thus it is the best time of year to enjoy various seasonal foods. There is even the term "appetite in autumn" to describe autumn as Japan's best eating season. The delicious food in autumn represents as Matsutake mushroom, Pacific saury, pumpkin, etc. There are several gourmet events in the fall, including unlimited dessert buffets, and delicious, high-quality and photo-worthy desserts made with autumn ingredients.

#### Autumn Activities

Autumn is the best season for outdoor activities because the weather is quite mild and comfortable. Hiking is one of the most popular outdoor activities in the fall, since the fall colors are gorgeous in nature.
