Students studying while working

If you have had a Medical Examination through your workplace since April in 2020, you can provide a copy of the results to the Medical Service Center instead of taking the Medical Examination. In this case, you need to answer a web medical questionnaire is required.

If you have not had a Medical Examination for over 1 year, you must take one at this time. If you are scheduled to have a Medical Examination at your place of work in the near future, please consult us. Please answer the web interview even if you submit the result of the medical examination you received at work.

**Web medical questionnaires
start on March 31st 10:00 am**
