"100 papers"

You do not need to write a thesis.
In fact, just prepare 1 picture and
answer 3 questions! In addition,
you can do it anonymously!
Those who read your post will
make comments anonymously
too.

What kind of comments you will
get... Some of you may be
nervous, but it looks fun, isn't it?

What is "Hyakunin Ronbun"?

This was invented by Kyoto University's Center for the Promotion of Interdisciplinary Education and Research,
and this project has started at Kyoto University since 2016.

The purpose is to create the opportunity of study based on the free and easy discussion, without thinking of
performance-based system and operationaism. Same projects are undertaken at many universities these days.
