How I learned foreign languages When I was a student /

学生時代どのように外国語を学習したか

I studied as a master's student in Ottawa, Canada. At first, I had difficulty understanding and communicating in English. To improve my language skills, I made a conscious effort to use English as much as possible. Watching sitcoms like "Friends" also helped me to improve my English.

A message to students learning foreign languages /外国語を学ぶ学生へのメッセージ

I understand that learning a foreign language requires a lot of effort, but once you reach a level where you can use it effectively, your world expands. Therefore, don't give up and challenge yourself to step out of your comfort zone. You don't have to be perfect; the act of making a constant effort is valuable in itself.
