This is an education program focusing on “Project/Problem-Based Learning (PBL)” to develop flexible thinking in order to set tasks and solutions. By accepting students from a variety of countries and regions, a diverse range of students are able to work collectively to solve the numerous policy and social issues facing ASEAN countries and Japan.

This program looks to not only offer opportunities to study abroad for a semester at partner institutions in Thailand or Indonesia, but also provide an integrated program that includes pre-departure preparations and post-completion studies, and it features cooperative learning with Thai and Indonesian students at Ritsumeikan and the host universities. We hope participants will be able to acquire global perspectives and an innovative mind, which are assets in modern society, through this program.

Program Fee: Students must continue to pay the tuition fee to RU while abroad; however, tuition payments to the host institution are not required. Students are responsible for their own airfare, accommodations, tuition fees for special courses or supplementary intensive language courses, and other necessary expenses.

Scholarship: All outgoing PBL students nominated by Ritsumeikan University are eligible for a scholarship from Ritsumeikan. The maximum amount is 250,000 JPY per semester.
