

Ms. Ana Rodrigues

I am Ana Rodrigues, a humanitarian, with a passion for fostering global cooperation and driving sustainable development. My journey in this field has been shaped by a strong commitment to making a difference, backed by experiences as a citizen of the developing world and a Ritsumeikan awarded master's degree in International Relations with a focus on Rural Development.

Currently, I'm proud to work with the United Nations World Food Programme (WFP) in Mozambique as a Programme Policy Officer in School-Based Programme. My role involves coordinating initiatives building on partnerships and strengthening local capacity. It emphasizes the effectiveness of an integrated approach that combines education and health in both development and emergency contexts. In this work I am always excited for the next opportunity to collaborate with diverse communities and tackle complex challenges.

Outside of my professional life, I enjoy sightseeing and making meaningful engagements with people from diverse backgrounds. I am eager to connect with fellow Ritsumeikans during this seminar, hoping that my journey inspires others.
