How I learned foreign languages When I was a student /

学生時代どのように外国語を学習したか

I sincerely wanted to learn how to communicate with more people around the world, so I tried to be as exposed to different languages as I could, chat with international friends, participate in intercultural communications rooms and international cooperation programs, and watch as many foreign movies as I could. As a result, nowadays, I am proud to have friends and colleagues from almost every continent and a life-long, worldwide collaboration network.

A message to students learning foreign languages /外国語を学ぶ学生へのメッセージ

Learning and speaking a foreign language can be a long-term challenge. However, if you are patient and consistent, the rewards (and enjoyment) will be great. We are here to support you!
