

# Self enrolment (Early Use Request) to access courses on moodle+R

The registration method of the course you are taking is

① Courses registered by the Administration Office (automatically registered by the university)

⇒ **You will be automatically enrolled in the courses on moodle+R as well.**

② Courses you register for via CAMPUS WEB (lottery-based courses and regular registration courses)

⇒ **During each course registration period, follow the “Self-enrolment” instructions on the next page to add yourself to the courses on moodle+R.**

⇒ **Do not forget to register for the course on CAMPUS WEB!**

**\*Adding courses to moodle+R by “Self-enrolment” is NOT course registration.**

**Course registrations must be done on CAMPUS WEB.**

\* Even if you add courses to moodle+R, if you end up not taking those courses, they will be automatically deleted from moodle+R as well.

\* “Self-enrolment” will not be available once the regular registration period is over.

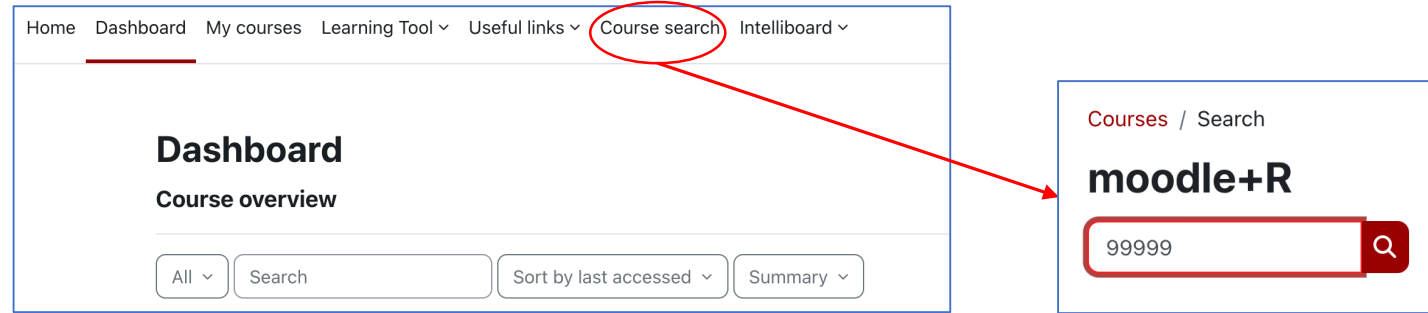

## **Important Notes:**

Announcements for class cancellations, make-up classes, classroom changes, and other university announcements will continue to be sent via manaba+R. Please be sure to check manaba+R as well.

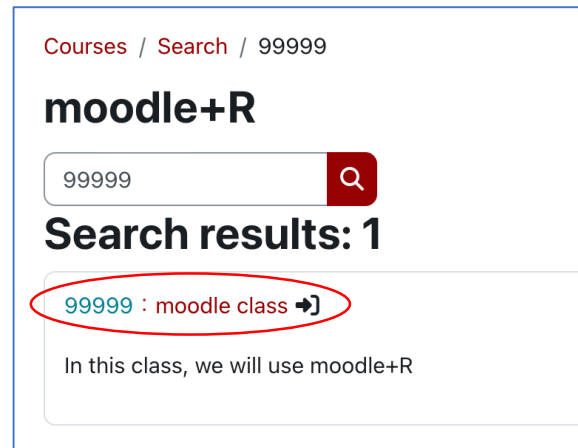

# Self enrolment (Early Use Request) to access courses on moodle+R

For course you have registered via CAMPUS WEB (**lottery-based courses and regular registration courses**), please add yourself to the course on moodle+R during each course registration period.

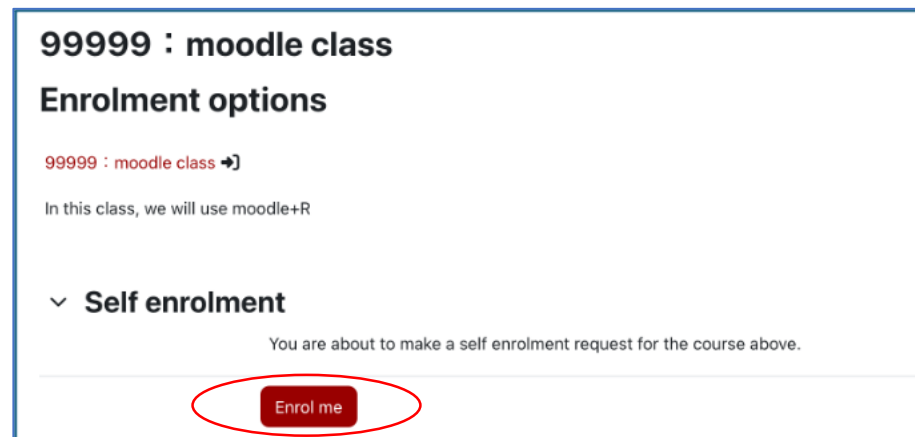

1. Log in to moodle+R.
2. Go to the search screen from “Course search” at the top of the dashboard and search for courses by course code.

3. Select the relevant course from the search results

4. Add yourself to the course by pressing “Enroll me”

5. You are enrolled to the course on moodle+R
