How I learned foreign languages When I was a student /

学生時代どのように外国語を学習したか

I learned Spanish in high school in a traditional way --much like students learn English in Japan. We learned a lot of grammar and vocabulary but didn't have many opportunities to practice speaking.

A message to students learning foreign languages /外国語を学ぶ学生へのメッセージ

University students have studied English for so long and know a lot more than they think (even though it doesn't always feel like it). The most important thing is to get practice. My message for you is to take the opportunity and come see us!
