How I learned foreign languages When I was a student /

学生時代どのように外国語を学習したか

I was always interested in foreign countries and studied several languages in school an university. Unfortunately I could not speak any of them well enough to communicate with people in these countries.

A message to students learning foreign languages /外国語を学ぶ学生へのメッセージ

Try to use the foreign language in class as much as possible. Ask your classmates and your teachers for help anytime. Don`t be afraid of mistakes! They are your friends and you learn by making them. Try to get used to the foreign language by listening to textbook material, music or by watching YouTube videos or reels on Instagram.
