### I. About Ritsumeikan University Alumni Association Future Human Resources Development Scholarship (Group)

Are there any activities you would like to challenge with your friends, seniors, and juniors you have met through Ritsumeikan University?

The Alumni Association Future Human Resources Development Scholarship (Group) is a system to support such students. The scholarship is funded by the Alumni Association's Future Talent Development Fund, which is donated by alumni (alumni), and is intended to encourage younger students to expand their possibilities and actively take on new challenges.

We hope that many organizations across faculties, graduate schools, circuits, and campuses will take up the challenge of creating activities that can be done only at a time like this.

\*About the SDGs

The Sustainable Development Goals (SDGs) are international goals for the period from 2016 to 2030 that were described in the 2030 Agenda for Sustainable Development, adopted at the UN Summit in September 2015 as the successor to the Millennium Development Goals (MDGs) established in 2001. It consists of 17 goals and 169 targets to achieve a sustainable world, and pledges to leave no one behind on the planet. The SDGs are universal, not only for developing countries, but also for developed countries themselves, and Japan is actively working on them.
