How I learned foreign languages When I was a student /

学生時代どのように外国語を学習したか

I had a wonderful German professor in college who inspired a life-long love of learning about languages and cultures. The classes were content-based and communicative: Intellectually challenging and great fun!

A message to students learning foreign languages /外国語を学ぶ学生へのメッセージ

Learning languages is not only about acquiring practical skills, it's also about opening up your heart and mind to another culture, which in turn, makes you more aware of the culture in which you are living.
