Release on February 17, 2026!

RITSUMEIKAN STUDENT PORTAL is coming!

📌 “manaba + R” is changing!

All class support and university announcements havebeen provided through “manaba+R”. However, “manaba+R” will end at the end of AY 2025. Starting February 17, 2026, the system will be divided into “RITSUMEIKAN STUDENT PORTAL” and “moodle+R.

	Current System	From AY 2026
Leaning Management System, Course Survey	manaba+R	moodle+R
Announcement, Cancelled and Makeup Class Information, Student Page		RITSUMEIKAN STUDENT PORTAL

RITSUMEIKAN STUDENT PORTAL is the official portal site that allows you to check the necessary information and complete various procedures related to university life for Ritsumeikan University students.

Using this portal as your access point, you can check various information, such as class cancellation, make-up class , announcement from university, course registration. You can also access essential tools for student life-such as moodle+R, Syllabus, Study Support Site or CAMPUS WEB-through the links.

It offers enhanced search functionality and customizable notifications, helping you stay informed more easily and efficiently.

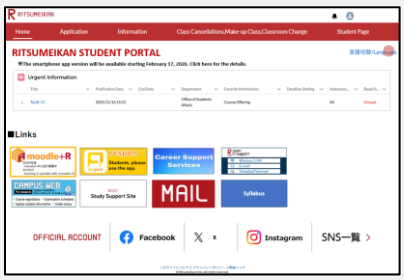

The portal is also available as a mobile app and you can use it on your smartphone.

Answers Right There

New Student Portal Construction Project , Ritsumeikan University

RITSUMEIKAN

Full rollout in AY2026*!*

moodle+R

What is moodle?

Moodle is a global standard open-source e-learning platform with over 164,000 sites across 240 countries worldwide.
In addition to what has been possible with manaba+R, moodle adds new tools to further expand your learning possibilities!

manaba+R

What is different from manaba+R?

manaba+R class course

⬇

Change to moodle+R*!*

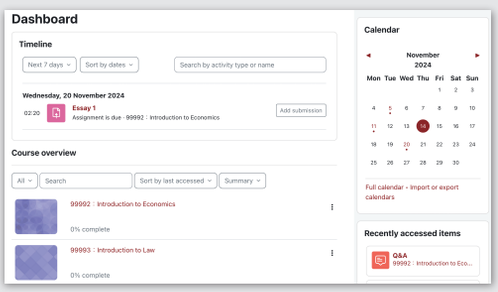

Moodle+R is a specialized tool for class support, including quizzes, reports, and course content.

*The "University Announcements," "Class Cancellation and Make-up Class information," and "Students Pages" will be launched separately as the RITSUMEIKAN STUDENT PORTAL.

Distinctive Features of moodle+R

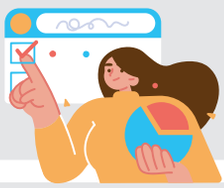

Dashboard
(Learning Progress Management)

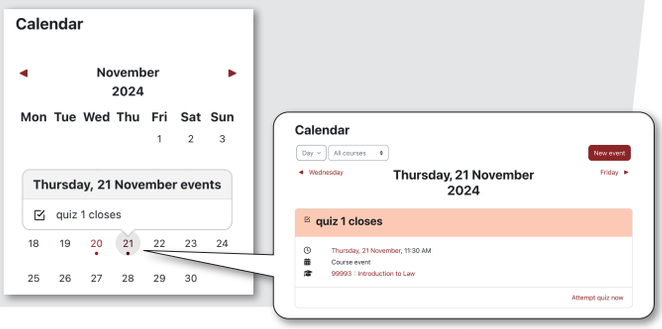

The timeline displays the deadlines for various assignments and allows you to check your usage and progress of each class you are taking. That makes self-management easier.

Calendar

The schedule management feature is enhanced by displaying quizzes and assignment (report) as well as the event schedule.

Compatibility with multimedia

The range of available media expands, including the submission of various assignments using audio, video, and rich text.
Similarly, we can also expect advanced feedback from faculty using a variety of media.

Compatibility with multiple device types

Moodle+R can be used not only on laptop computers but also devices such as smartphones and tablets. The mobile app is also available.

There are many other tools*!*

* The screen is under development .

The next step forward in “Learning”
