

How to operate Zoom (Easy version)

The teacher and student screens will appear.

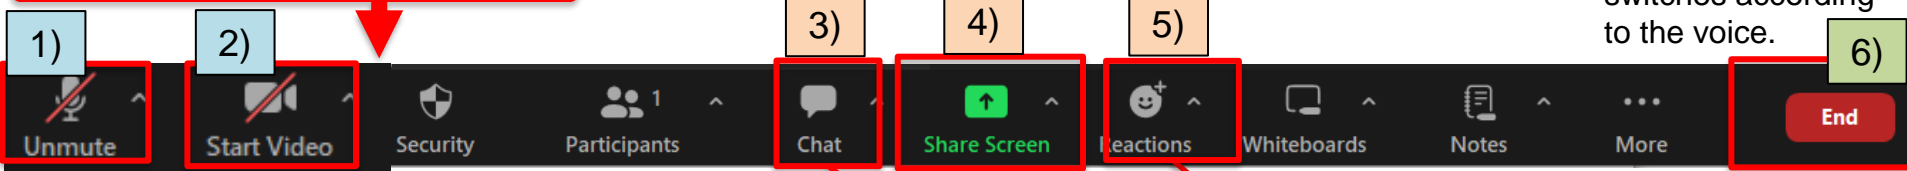

Switching the screen display
Click "Gallery View/Speaker View" in the upper right corner of the screen.

All participants will be displayed in the same size.

The person speaking is projected on a large screen, which automatically switches according to the voice.

Before

1) Unmute
(Microphone function)

Turn off

2) Start Video

(Video function)

Turn off

Follow the teacher's instructions

During Class

(Use it only when the instructor tells to)
