\*1 To make up for a shortage of Wednesday (Spring Semester) and Monday (Fall Semester) classes, corresponding classes are held on Saturdays.

\*2 Credits for Summer Intensive Course 4 will be granted when fall semester credits are granted (announced on Fall Semester Grades Announcement date).

\*3 Grades Announcement of the College of Pharmaceutical Sciences differs.

\* Makeup classes will be held for canceled classes (due to instructor illness or other unavoidable reasons, etc.). Please do not plan to have class activities that are likely to influence heavily on the final grade such as in-class exams and important presentations or experiments during a Makeup class so as not to disadvantage the students who might not be able to attend due to overlapping Makeup classes, etc.

\* Some classes in the College of Life Sciences and the College of Pharmaceutical Sciences will be held once a week on a quarterly basis.
