## Displaying and sharing the results of Tests/Surveys with students

### ◆ Outline

- (1) On the submission status overview screen, the submission status is displayed in a pie chart.
- (2) A link labeled "Aggregate Results" is displayed, and clicking on it allows you to check the aggregate results.
- (3) Graphs are also displayed on the detailed response screen when you click on a student's name (initially set to display OFF, so please turn it ON as needed).
- (4) In the Test/survey settings, a new option "Publish aggregate results" has been added. Selecting "Publish" allows you to make the same screen available to students after the acceptance period has ended.

\*Aggregate results can be viewed even if not submitted.

### ◆ Displayed Aggregate Information

- "Multiple(1)", " True/False ", "Dropdown" → Pie chart
- "Multiple(2)" → Bar chart
- "text box " → Display list of responses
- Other question formats → No graphs
