

## For New Students with Disabilities (About the Consultation Counter)

Congratulations and welcome to Ritsumeikan University!  
The Disability Resource Center (DRC) of Ritsumeikan University is available now (before enrollment) for new students with disabilities who would like to have consultations on various issues such as the following:

- When and where can I request support or receive consultation?
- I used to talk to my homeroom teacher for support in high school, who should I talk to at university?
- I wonder what sort of changes I should prepare for in university compared to high school?

Disability Resource Center (DRC) will provide consultation in flexible ways, based upon your situation.
